User Persona / scenario

Jim Krasinski

Age: Mid 20s
Single
Mobile developer
Hobbies: Sports, Music,
Games, Workout.

Needs & Goals

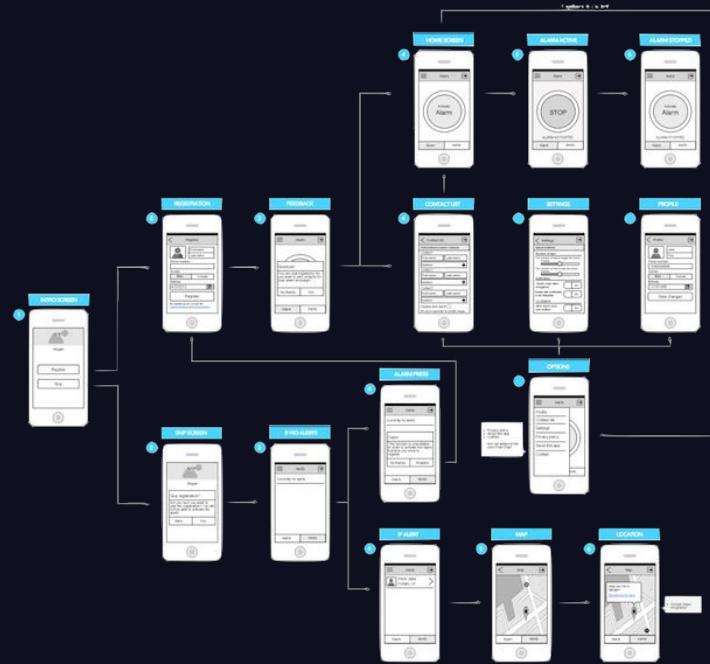

- A good way to spend spare time other than Netflix and video games
- Meet new people and make friends
- Develop professional knowledge to improve his career
- Learn new skills

Behaviours

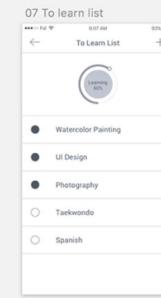

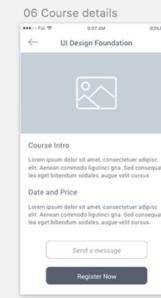

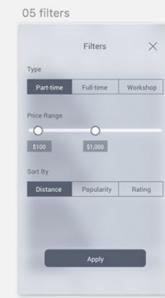

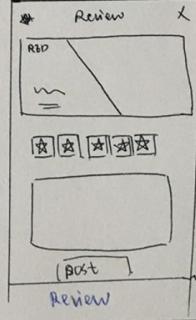

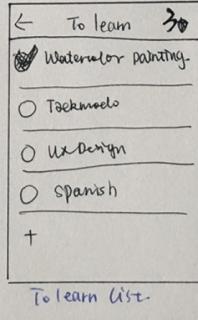

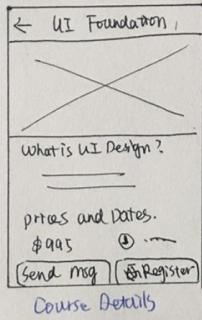

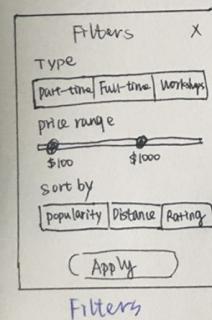

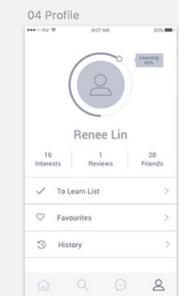

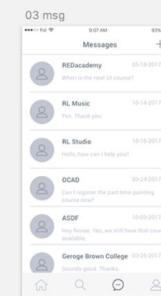

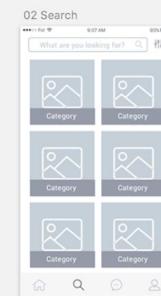

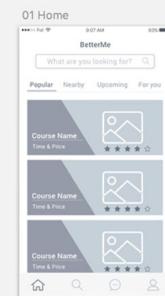

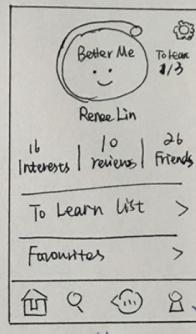

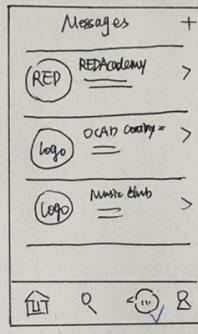

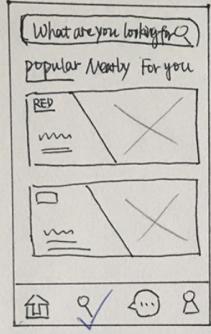

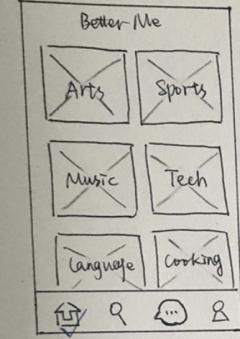

- Too busy or lazy to research part-time course options
- Asks friends for advice
- Internet savvy with strong social media presence

"Routine life is so boring and doesn't allow me to progress. There are tons of things to learn but I hate doing research."

Moodboard

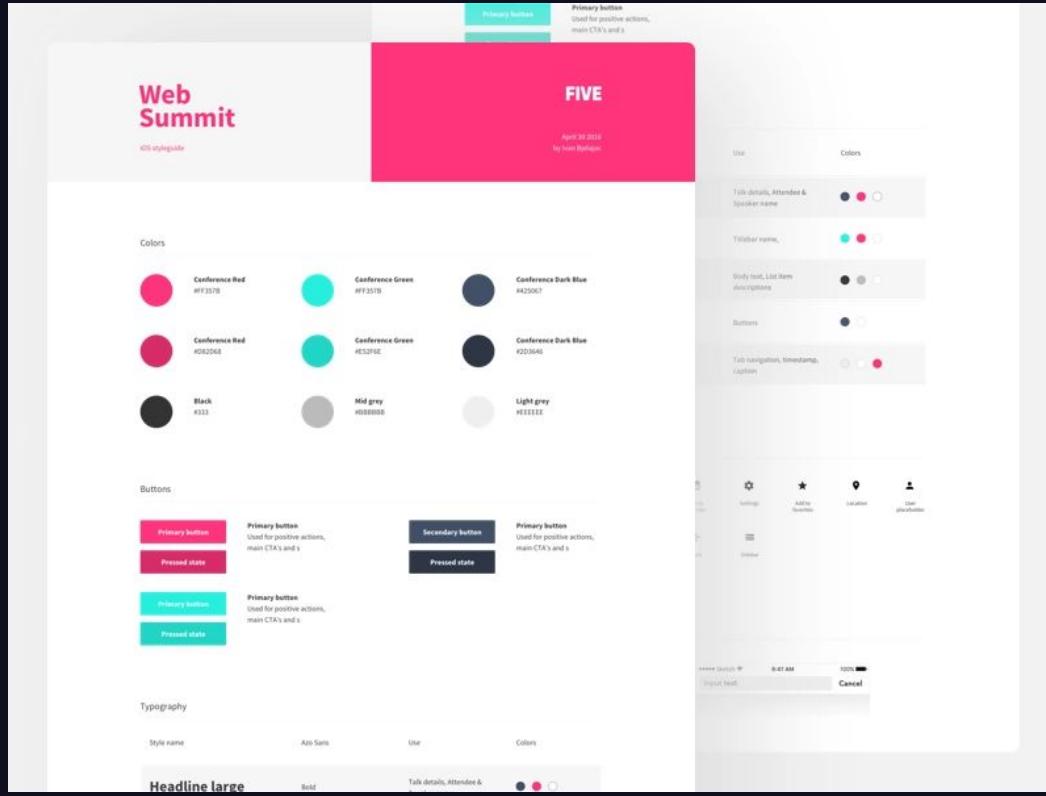

Salt Damage moodboard

Invite your team ▾ Secret link

The moodboard includes the following elements:

- A landscape photograph of a rocky coastline under a clear blue sky.
- A circular graphic featuring a diamond-shaped structure, with text below it reading "John Lautner Erod House—1960".
- A photograph of a person riding a longboard skateboard on a paved surface.
- A vertical color palette with four horizontal bars: teal, light blue, beige, and burnt orange.
- A text note: "Product photography should show people in action but looking away from the camera."
- A geometric, low-poly model of a ship or boat.
- A portrait photograph of a woman with long, dark hair.
- Three instances of the word "SALT DAMAGE" in bold, black, sans-serif font, each with a different font style and weight: "Pill Gothic 300mg Bold", "Pill Gothic 300mg Bold Oblique", and "Pill Gothic 300mg Black".
- A small image of a yellow container with a red "M" logo.

Style Tile

Style Guide / Design System

The screenshot displays a comprehensive design system interface, likely from Figma or a similar tool, showing a mobile application's style guide.

Mobile Mockup: A screenshot of an iPhone X showing a navigation bar with "9:41" and signal strength, followed by a header "Browse" and a list item "Pop Coffee Cup" by "@marionmichele". Below is a large image of a green frosted cake with colorful sprinkles.

Component Details: A "Tag" component is selected, showing its properties: X: 16pt, Y: 160pt, Width: 117pt, Height: 40pt, and Radius: 20pt. It also lists its colors: #softPink (rgb 255 174 179), #tiffany-blue, and #wheat.

Code Editor: A "React Native" code block shows the component's implementation:

```
const tag = {  
  borderRadius: 20,  
  backgroundColor: colors.softPink  
};
```

Design System Components: The interface includes several sections for design assets:

- Typography:** Lists H1 Head through H6 Headline.
- Colors & Elevation:** Shows a grid of color swatches and a gradient section.
- Text Fields:** Includes placeholder text and various input styles.
- Buttons:** Shows a grid of button states: Smooth, Ghost, Raised, and Positive.
- Application Bars:** Shows a grid of application bar styles.
- Tabs:** Shows a grid of tab states: Active, Inactive, First, Second, and Third.

Footer: A note at the bottom right encourages users to purchase the design system for \$13.95.

전달드린 레퍼런스처럼 리스트에서 상세페이지로 넘어갈때, 짹 펼쳐지는 형식으로 구현 가능한가요?

<https://dribbble.com/shots/4650389-Music-Playlist-App-Interaction>

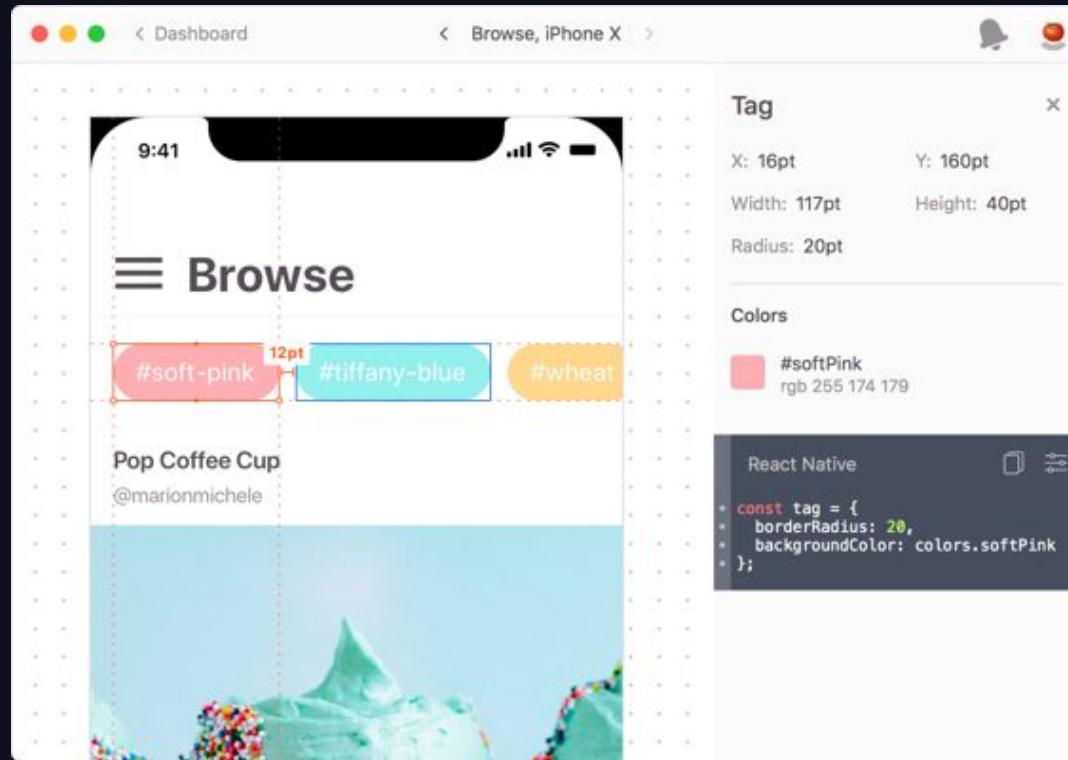

리스트에서 상세페이지로 넘어가는 인테력션을
프로토파이로 만들어봤는데, 구현 가능한지 검토
부탁드립니다. 그리고 비슷한 형태의 안드로이드
github에 오픈소스도 있어서 첨부합니다.
